Courage is a cloud with a star.

Courage and kindness a neon delighted

Shooting ~~sun~~ stars

Courage and kindness is a confident

dog climbing a tree

Courage and kindness is a cow shouting
very loud.

Then I saw the cow flying on a
cloud.

You can hear courage and kindness in
the galaxy.

Oh don't worry it's so easy.

Courage and kindness is in the air
and don't forget we always have to
share.

Courage and kindness is someone stuck in
a trap
